Hi!

I am so excited to have you check out my Senior Session Information! I would love to work with you to create the Senior Experience of your dreams. We can use one of my awesome local locations, or we can really dream big and go to an amazing destination, its all up to you! Feel free to ask about our Destination Senior Experience!

Your session should be all about who YOU are and what appeals to you. We can incorporate your hobbies, favorite colors, sports, anything you can think of, the sky is literally the limit!

I can't wait to answer any questions you have so don't hesitate to contact me any time!

xo, Lindsay

THE SENIOR EXPERIENCE

Lindsay King Seniors

Once your date has been selected, a retainer payment will be required to hold your selected date. Sessions are NOT secured without a retainer and the retainer is non-refundable but will be transferable to a new day should we get rained out and need to reschedule.

I want you to have the session of your dreams, I am SO open to your ideas, thoughts, and unique qualities that you can bring to your session. We can plan your session though email or by phone, your choice, because I know how busy your high school schedule can be!

The MOST important thing is to start thinking OUTSIDE THE BOX for your wardrobe. This doesn't mean you need to dress outside of your comfort zone, but I want you to start thinking about how to layer your outfits with vests, hats, scarves, fun shoes, tall or cute socks, jewelry, etc. Each additional piece added to your look will make it stand out that much more! One of my most favorite places to browse online is Amazon! There are so many unique wardrobe pieces and accessories, don't underestimate the power of Amazon Prime!

After we select your date, you'll need to decide if you'd like hair and makeup with our in-studio stylists. I HIGHLY recommend my experienced stylists for your session, they know how to apply makeup for the camera and lights, which is not the same as every day makeup, nor is it the same as prom or special occasion makeup. My makeup artists are trained on the art of how I retouch each image and know exactly how much of this and that should be applied. Hair and makeup MUST be booked at the time of booking.

The Day of Your Session

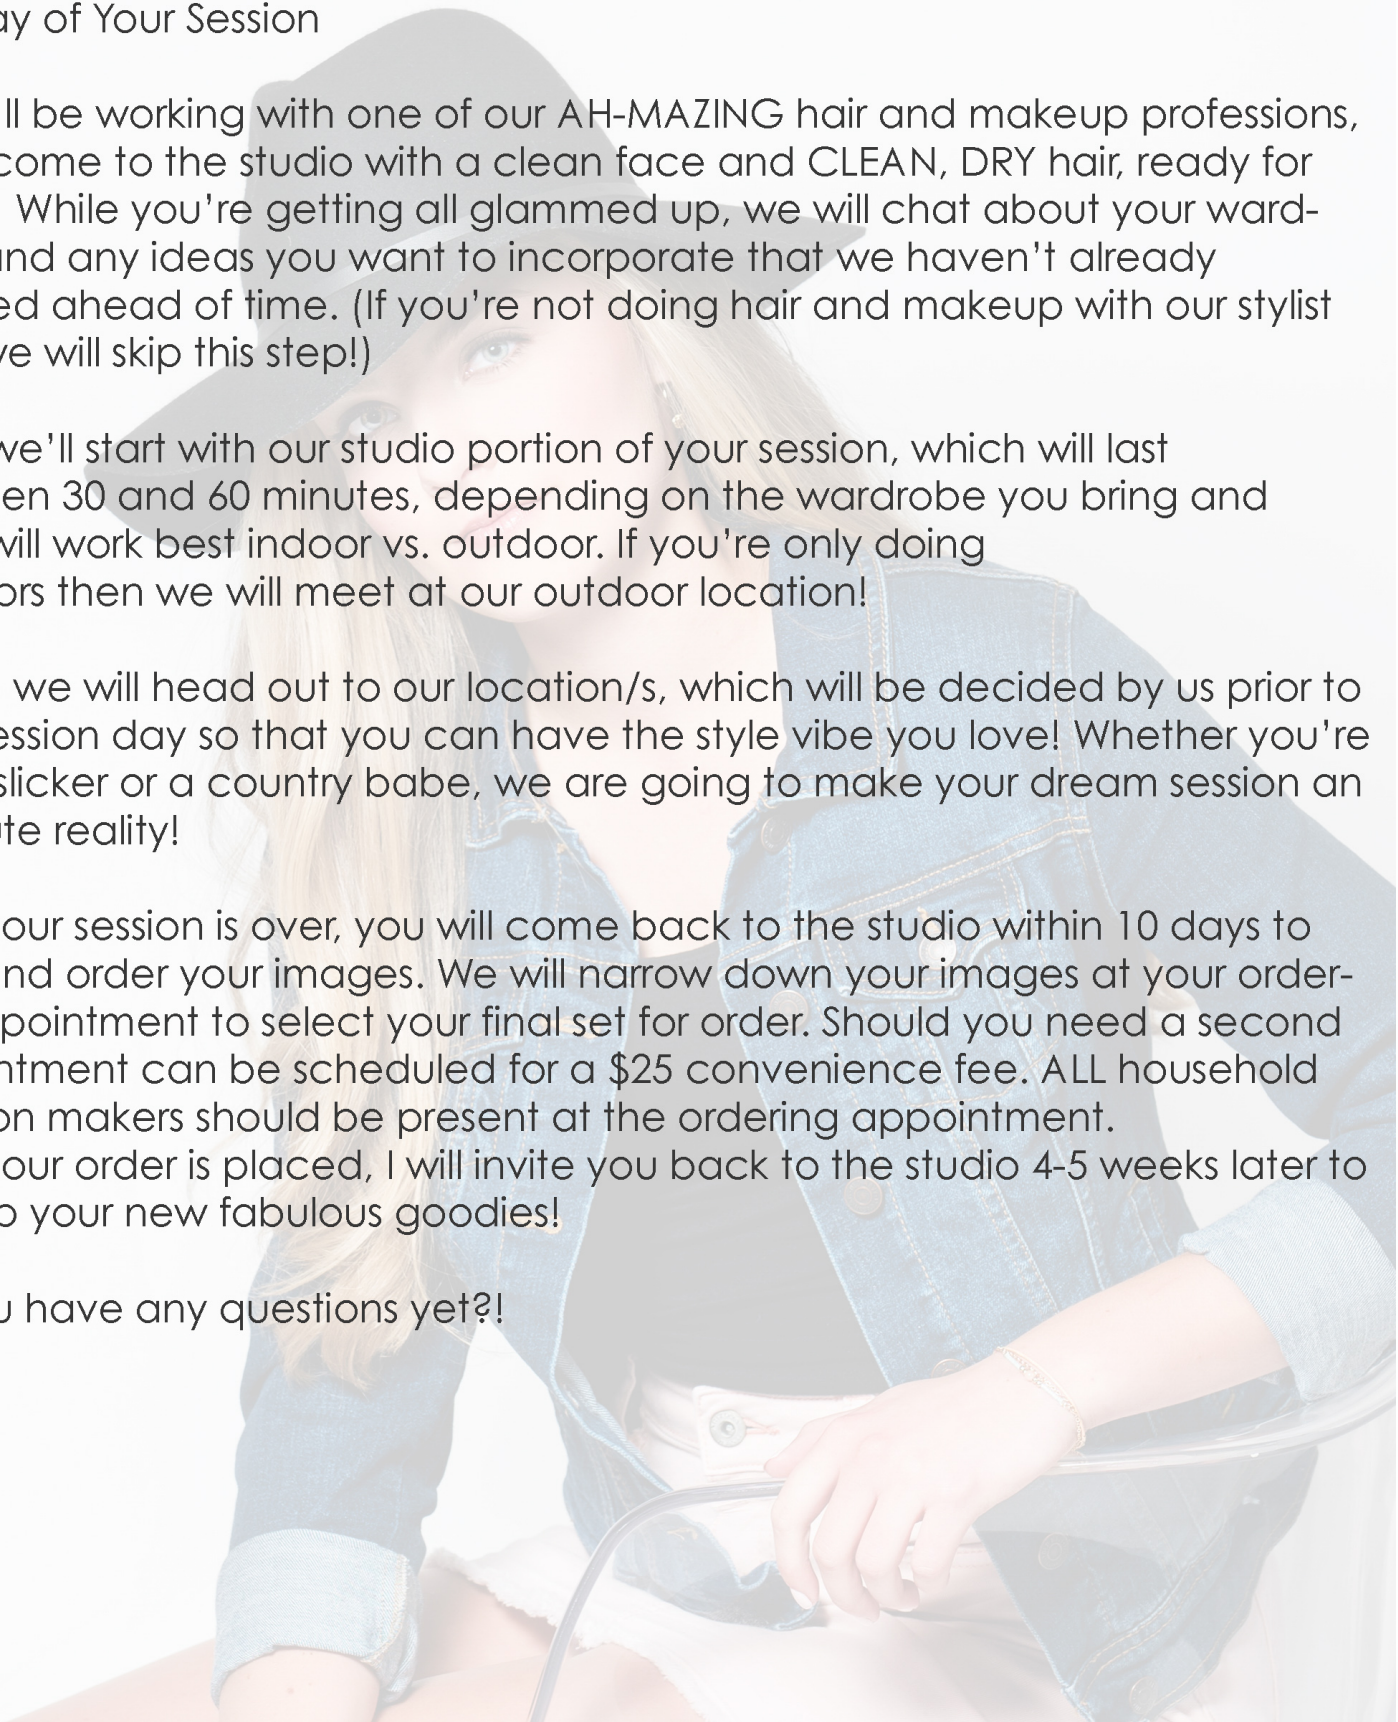

If you'll be working with one of our AH-MAZING hair and makeup professions, you'll come to the studio with a clean face and CLEAN, DRY hair, ready for styling! While you're getting all glammed up, we will chat about your wardrobe and any ideas you want to incorporate that we haven't already covered ahead of time. (If you're not doing hair and makeup with our stylist then we will skip this step!)

Next, we'll start with our studio portion of your session, which will last between 30 and 60 minutes, depending on the wardrobe you bring and what will work best indoor vs. outdoor. If you're only doing outdoors then we will meet at our outdoor location!

Finally, we will head out to our location/s, which will be decided by us prior to your session day so that you can have the style vibe you love! Whether you're a city slicker or a country babe, we are going to make your dream session an absolute reality!

After your session is over, you will come back to the studio within 10 days to view and order your images. We will narrow down your images at your ordering appointment to select your final set for order. Should you need a second appointment can be scheduled for a \$25 convenience fee. ALL household decision makers should be present at the ordering appointment. After your order is placed, I will invite you back to the studio 4-5 weeks later to pick up your new fabulous goodies!

Do you have any questions yet?!
